Gala, the utmost in reliability.

The range for all tastes

Whatever the need, there is a Gala ready to meet your requirements. With versions standard or Tall cup (with retractable cup supports) having 1, 2 or 3 groups and 2 groups standard compact, this range is able to meet the needs of a continuously evolving market in the best possible way.

Perfect in any place

With stylish modern lines and in an elegant ice-white colour, Gala is the ideal machine for any place. The ergonomic design of the filter-holding grip guarantees optimal ease of use.

Customizable in an instant

The Gala range selections panel can be easily customized with images and messages to communicate the identity of whoever chooses this simple, but stylish and characterful machine.

Ergonomic filter-holding grip

Stainless-steel steam wand with knob

Tactile effect membrane push-buttons with LED indicators

Customizable upper selections panel

New B16 unit with static pre-brewing

Customizable colour of sides

Espresso of excellence

The new B16 Group with static pre-brewing offers the guarantee of high-quality espresso coffee. With affordable price and incredible taste, the Gala line knows how to meet the most important needs.

Reliable over time

Thanks to the use of widely tested and approved technologies, the Gala range guarantees high performance even in the long term and always ensures maximum productivity.

Easy to clean

The flat surfaces guarantee easy, fast cleaning, while ordinary maintenance is made simple thanks to the easy removal of the outer shell and the arrangement of the components.

Environmentally friendly

The choice of materials and compliance with RoHS and WEEE regulations guarantee full compliance with the highest standards in matters of recycling and environmental protection.
